

**Université catholique de Louvain
Institute of Neuroscience (POLE COSY)
Louvain School of Engineering**

**SYMPOSIUM IN HONOUR
OF PROFESSOR JEAN DELBEKE, MD, PhD**

“NEUROSCIENCE AND REHABILITATION”

This symposium is a tribute to the major contributions of Dr. Jean DELBEKE to the development of biomedical engineering, neural rehabilitation and nerve stimulation at UCL.

FRIDAY MARCH 16th, 2012 / 9h30 - 12h30 / AUDITOIRE MAISIN (WOLUWE/UCL)

SPEAKERS :

1. Professor Emeritus Alan McComas

McMaster University, Hamilton, Ontario, Canada.
"Galvani's Spark. The Story of the Nerve Impulse."

2. Professor Dick Stegeman

Donders Institute, Radboud University Nijmegen, The Netherlands.
"High density Electromyogram (EMG). Theory and applications."

3. Professor Dirk Lefeber

Robotics and multibody mechanics group, Vrije Universiteit Brussel.
"Compliant actuation in lower limb robotic rehabilitation and prosthetic devices"

ORGANIZERS :

Professors Philippe Lefèvre, Renaud Ronsse and Jean-Louis Thonnard

SPONSORS :

Institute of Neuroscience (POLE COSY)
and Louvain School of Engineering, UCL
